FRANCIS BACON (RIGHT)
MONTE CARLO, 1981

ART

MB Art Foundation

Whether it was the light, the landscape, or his penchant for gambling dens, Francis Bacon lived in Monaco from 1946 to the early 1950s. It's this period that the new Francis Bacon MB Art Foundation in Monaco focuses on. Open from March 30, it showcases over 2,000 items, including photos, catalogues, books and works by Bacon and his peers. mbartfoundation.com
